*We have*

**GOOD  
NEWS**

*to share!*

## AND YOUR PARTNERSHIP IN THE GOSPEL IS NEEDED TO HELP US SHARE IT.

God has been powerfully at work in and through The Cross Current again this year. As an equipping evangelism ministry for the Church, we have Good News to share! However, moving forward in our mission is only possible through the faithful gospel partnership of more likeminded Christ-followers.

Will you partner with us as a **Monthly Seed Sower** in ANY amount to continue sending our missionary evangelists to the local mission field?

Will you consider giving one-time as a **Single Gift Supporter** to help us equip and engage more young adults through Gospel Outreach Media?

Here is how you can **pray, give, and go** in gospel partnership with The Cross Current:

**PRAY**

As a frontline local missions ministry, we need your prayers! **On the GO with The Cross Current** are brief equipping emails sent to you to keep us connected in prayer plus ongoing gospel unity and partnership together.

In addition to receiving our regular "on the go" prayer requests, these brief messages will also include: gospel devotionals, evangelism quick tips, inspiring testimonies, training updates, free gospel resources, frontline field reports, calendar events, and even evangelism encounters caught on video.

Please subscribe to receive these regular "on the go" prayer requests and resources by email at [thecrosscurrent.com/onthego](https://thecrosscurrent.com/onthego).

**GIVE**

As you begin praying for us, will you also ask in your heart how the Lord would have you cheerfully sow monthly commitments and/or invest single gifts into our equipping evangelism ministry?

We have a simple plan for helping unify Christians and churches in the gospel through equipping the saints by example for evangelism together.

Not only can you help us continue the ongoing missions work of The Cross Current, but we also need gospel missions partnership to move forward with more ministry in the following **3 specific areas of our equipping plan**:

**First, we need gospel missions partnership for more **equipping evangelism** in local churches.**

Together we can equip more evangelists in their own churches to equip their own saints for the work of gospel ministry together. This is how we help unify and multiply churches in the gospel long-term.

**Second, we need gospel missions partnership for more **gospel outreach media** across the worldwide web.**

Together we can reach and teach the nations with evangelism and discipleship online. This includes equipping more gospel partner churches to launch their own GO Teams Media ministries to grow their own churches in evangelism and discipleship.

**Third, we need gospel missions partnership for more **missionary evangelists** in the local mission field.**

Not only will your gifts help send Daniel Baysassew, our newest missionary evangelist, into the field, but together we can also send more missionary evangelists to serve those churches who need help now equipping their saints for evangelism.

To securely give your tax-deductible monthly or single gifts, simply choose the most convenient method of those provided on the **commitment card** enclosed. The same info and giving methods can also be found at [thecrosscurrent.com/give](http://thecrosscurrent.com/give).
