

**Christians and churches who unify in the gospel, multiply in the gospel.**

The Gospel Unity Mission with The Cross Current is a free invitation for you and your church to unify in the gospel with other Christians and churches for personal training in conversational evangelism and gospel outreach.

Not only will you be equipped by example to confidently share your faith with lost loved ones, but you will also be led in the first steps of a discipleship plan you can carry back home into your own church and community.

Finally, to help inspire further gospel unity and mission in your own family and church, all participants should leave equipped to share your own evangelism training testimony from this event with your church family.

 **ONSITE TEACHING**

First you will be equipped onsite with expert teaching in the doctrine of biblical evangelism. Participants will open Scripture to learn how to confidently share the gospel and then role play in prep for the gospel conversation you will have with one specific unsaved family member or friend for whom you have been praying.

 **OFFSITE TRAINING**

After our fellowship lunch, we will be equipped by example offsite with expert training in the practice of biblical evangelism. Participants will walk into the community together under the tutelage of an experienced equipping evangelist to hear and have real gospel conversations as part of a smaller group Gospel Outreach Team.

 **FREE OF CHARGE**

This evangelism teaching and training is being offered free of charge with the option of a freewill offering to cover the cost of lunch, trainers, and tools. There will also be an appeal for local gospel missions partnership.

## PREP STEPS FOR OUR HOST CHURCH

***Are you and your church prepared to unify and multiply in the gospel together?***

**Here's how you can be.**

As our host church for this Gospel Unity Mission, it's important you and your leaders know that every element of our training day together has been carefully developed to equip you with core components of a discipleship and evangelism plan that you and your equipping/leading evangelist can continue replicating to equip your entire church for evangelism.

### **PRAYING**

Unifying your entire church family in praying for the Gospel Unity Mission you are hosting will be critical for multiplying in gospel mission together.

Please equip every single saint and household with everything they need to pray for this event, and also take the time to pray during your weekend worship gatherings as well.

### **TEACHING**

Unifying your entire church family in living the practice of evangelism will also be critical for multiplying in gospel mission together.

This is why the equipping/leading evangelist in your church will collaborate with you and your leaders to personally invite one evangelism assistant and two or three core congregants to participate in the offsite portion of the event during the afternoon. This core group can then be equipped to continue equipping your entire church for evangelism and gospel outreach together.

### **TESTIFYING**

Unifying your entire church family in testifying of their evangelism training experience will also be critical for multiplying in gospel mission together.

This is why all the teaching and training participants of the Gospel Unity Mission from your church should be encouraged to share their own evangelism training testimony from this event with your church family.
